

THE HEALTH CARE CENTER AT LONGHORN VILLAGE INTRODUCES THREE NEW HEALTH CARE PROFESSIONALS TO GROWING TEAM

Longhorn Village welcomes Stefanie Cates, Crystal Horton and Lindsey Williams

Longhorn Village, the first and only retirement community developed in association with the Ex-Students' Association of The University of Texas, recently introduced several new additions to its extensive health services team. Joining the Health Care Center at Longhorn Village are Stefanie Cates as Director of Nursing, Lindsey Williams as Assistant Director of Nursing and Crystal Horton as Memory Care Manager.

Cates brings over a decade of health care experience to the Health Care Center at Longhorn Village, having previously served as Director of Nursing at Bastrop Lost Pines Nursing and Rehabilitation Center. During her career she has also worked with Brookdale Senior Living, Querencia at Barton Creek, Central Texas Rehabilitation Hospital and Homecare Dimensions.

Williams has eight years of experience in the health care industry, and joins the community following her work as a Registered Nurse for long-term and skilled nursing operations at Querencia at Barton Creek. She has also held positions Lakeside Hospital at Bastrop, Nacogdoches Memorial Hospital and Memorial Medical Center of Lufkin.

Horton, with over six years of experience, was formerly the Program Supervisor and Human Development Trainer at CORE Health Care in Dripping Springs.

"We are pleased to have these three exceptional health care professionals join the team at the Health Care Center at Longhorn Village," said Bob Rees, Executive Director at Longhorn Village. "Stefanie, Lindsey and Crystal each bring experience, enthusiasm and a commitment to the highest level of quality care, and will allow us to continue to deliver an ever-widening spectrum of health services to our residents within the community."

The Health Care Center, located on the campus of Longhorn Village, is a part of the continuing care retirement lifestyle

as an on-site health provider for the community. The facility offers a diverse and comprehensive package of health services to residents, spanning from assisted living to memory care and skilled nursing care. The Health Care Center, with its own health clinic, provides independent living residents with a convenient means of receiving all of the services offered in a traditional doctor's office without having to leave the comfort of the community.

Longhorn Village has established a favorable reputation for the wide array of wellness and health care services offered to residents. The high standard of service is made possible by early-stage assessments of resident health histories followed by convenient, around-the-clock care to match each individual's needs. In addition, the community emphasizes a comprehensive proactive wellness program, focusing on ongoing communication combined with health-related programming such as lectures, guidance and organized educational, recreational and entertainment activities to fit the residents' needs and interests.

Located in the award-winning Steiner Ranch master-planned community in northwest Austin, Longhorn Village provides a premiere retirement lifestyle within a culturally rich and intellectually stimulating setting. The development features Mediterranean-style Villas and elegant apartments with views of the surrounding breathtaking Texas Hill Country, complemented by a wealth of exceptional on-site amenities and social, recreational and cultural activities. Through its exclusive relationship with The University of Texas Ex-Students' Association, residents of Longhorn Village enjoy numerous benefits including access to continuing and extended education programs, social activities and fine arts events, feature publications, library resources, campus facilities and exclusive travel packages. The Longhorn Village lifestyle is open to everyone aged 62 or older, regardless of university affiliation.
